Majestic 30
Waukegan, Ill.

TAKE ADVANTAGE OF OUR LOW PRICE OFFERING NOW

The quality and hardiness of our plants is well known and though prices are exceptionally low, all stock is A1 quality and is offered in competition with merchandise which is dug in fall, packed in winter storage for Spring delivery, which, while priced apparently cheap, is offered as a medium of quick sale.

All our stock is dug as orders are received, thus assuring you of absolutely fresh vigorous plants. THIS A VERY IMPORTANT ITEM TO REMEMBER.

BUY DIRECT FROM WAUKEGAN NURSERIES AND INSURE
GROWING SATISFACTION

TIMELY SUGGESTIONS

In submitting our SPECIAL SPRING 1933 BULLETIN we offer you a variety of choice plants to accomplish a complete landscape arrangement... You can satisfy your desires to the fullest and realize the ambitions you have perhaps had for many years, since the cost today enables you to procure just what you want at a price you can afford.

In compiling an assortment of plant material for the average house of 25 to 30 ft. frontage, we will furnish you with 12 EVERGREENS in five varieties of from 12 to 18 inch spread to 3 to 4 ft. high at a cost of \$15.00 and proportionate larger plants at \$20.00 and up; or 2 EVERGREENS, 2 Shade Trees and 20 Shrubs in several varieties and suitable effective size will cost \$11.00 and larger plants \$13.00 and up.

Again, you perhaps have a shrub planting which has outgrown its beauty and effectiveness and should be replaced with finer and newer varieties of plants or Evergreens; in this instance we will be glad to assist you in arranging an attractive and up to the minute landscape.

May we remind you of the desirability of keeping your grounds and garden in proper form; as a matter of course you will redecorate the interior of your home at frequent intervals, and this expense is provided for in your budget, but not so with your outdoor surroundings where, no doubt, you spend many pleasant days and evenings enjoying nature's wonders... Give this some thought and see whether you can find a place for an Evergreen or a lovely flowering Crab, a nice Birch, Mt. Ash, Elm or Maple tree and the many finer flowering shrubs, which will add beauty and charm to your grounds.

Remember you can now have added pleasure for but a small outlay for our stock, and do not overlook that the finer the variety of plant, the greater it's value as it grows larger.

The above sketch shows you comparative effects of shrub and Evergreen planting respectively, while the border trees illustrate the appearance of the better varieties as well as the shape of their foliage.

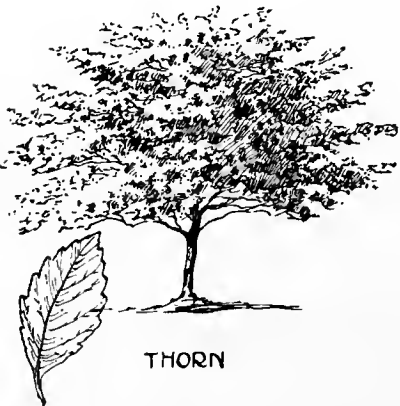

We have for the past 85 YEARS grown Evergreens and plants in Waukegan, have furnished much of the landscape material for the North Shore as well as other sections of the U.S.A. This long experience assures you of quality and refinement in our product.
